

## The Last Word

*Cocktails*

### **INGREDIENTS**

1 oz of gin, preferably Drumshanbo Gunpowder Irish Gin

1 oz Fresh lime juice

1 oz Green Chartreuse (Absinthe is a good substitute during the shortage)

1 oz Maraschino liqueur, preferably Luxardo

Lime twist for garnish

### **DIRECTIONS**

Fill a cocktail shaker half full with ice. Add the gin, lime juice, Green Chartreuse or Absinthe, and Maraschino liqueur. Shake vigorously for 30 seconds.

Strain and pour into a coupe glass and serve with a lime twist.

### **NOTES**

There is currently a shortage of both Green and Yellow Chartreuse. Additionally, they are both quite expensive liqueurs. Absinthe is a reasonable substitute for this drink.
